Overview

This accessibility statement applies to <https://gcp.caprihealthcare.co.uk/>

The Glaucoma Care Plan's web portal is run by Capri Healthcare. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

How accessible is this website?

We know some parts of this website are not fully accessible:

- you cannot modify the line height or spacing of text
- you cannot skip to the main content when using a screen reader

Feedback and contact information

If you need information on this web portal in a different format like accessible PDF, large print, easy read, audio recording or braille:

Technical information about this website's accessibility

Capri Healthcare is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This web portal is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard.

What we're doing to improve accessibility

When we update our web portal, we will carefully monitor new content to ensure it meets accessibility standards. We will work to improve the accessibility of documents published on the website. We plan to carry out in-depth user testing in the future, including with users of assistive technology. We have monitoring in place to review the accessibility of the site on an ongoing basis. We use this monitoring to identify and fix any new issues that arise.

Preparation of this accessibility statement

This statement was prepared on the 5th of July 2021. This web portal was last tested on 2nd of July 2021. The test was carried out by Capri Healthcare.

We used IBM accessibility checker to check the accessibility percentage for all the web pages. With the help of the Wave tool (Web Accessibility evaluation tool), we have made the changes on all the web pages of the website, to meet the WCAG 2.1 Level AA accessibility regulation.
